NCYC Membership Package

A Short History of the Club:

The North Channel Yacht Club was formed in 1970 by a group of 5 boaters from the Elliot Lake area. They found that by working together they could better enjoy their sport of "Boating" on the North Channel of Lake Huron. Over the years, the membership has grown with other sailors of similar interests.

Initially, the organization was simple, but as the membership grew, the need to formalize became apparent hence the Club Charter, Constitution and By-Laws. Even with this new "formality", the friendly, helpful nature of the Club has prevailed.

The Club depends on the membership to do the majority of the work required to maintain the property and the facilities of the Club. We, as members, enjoy the use of our facilities, the camaraderie among members, and, not least of all, fees that are low when compared to other clubs and marinas on northern Lake Huron and beyond.

We can continue to enjoy these benefits only if we are willing to do our share. Our fee structure is based on the premise that the members do the bulk of the normal maintenance work. Work parties are scheduled throughout the year, and these have become an integral part of the Club's social activity and help with the introduction of new members to the Club.

Special projects requiring specialized skills and equipment are planned by the Club Management Committee and contracted out.

Brief notes on how the Club operates.

With very few exceptions, Members' boats are kept on assigned Moorings, the Club does not have assigned slips. However, a limited number of slips are available for Seasonal or Monthly rental. Access to the Mooring is typically via the Member's own dinghy. Boats may be brought to slips at the dock, but may not be left there un-attended except if the boat has a problem which precludes leaving it on the Mooring. The construction, setting and maintenance of Mooring Ground Tackle to the Club's Specifications is the Member's responsibility.

Launch, haulout and winter storage are done using rail wheel mounted cradles built to Club standards by or for each Member. Since we are a "self-help" Club, Members help each other in these operations and do the work within established Club Safety standards.

Launch and Haulout scheduling during the day is setup by mutual agreement between Members hoping to finish that day.

The Clubhouse and its facilities are there for Members' use. Most, but not all organized Club events happen here. We bring our own food and beverages, and often eat together. Limited refrigerated storage is available. The Club supplies Propane for the Club's BBQ's

Use of the Shower House is free to Members, and we try to leave it "as clean as or better" than we found it.

Our resident Dockmaster sells ice, as well as gasoline and diesel fuel at the Service Dock.

During the Sailing Season, we ask that Members park their cars in the open areas adjacent to the Mast Racks, and not along the road encircling our storage yard.

For everyone's protection we require that boats carry a minimum of \$2,000,000 Liability Insurance. Proof of this is required with the membership Application and every year with the payment of annual dues.

NCYC Membership Package

Membership Classes and Fees

Class	Initiation *	Annual Fee **	Work Party Fee
Full Member	\$1050	\$350	
Summer Member	Special: \$500	Refer to Page 4 for a full definition.	
Associate	Nil	\$50	Nil
Sustaining	Nil	\$20	Nil
Immediate Family	\$100	\$50	Nil
Junior	\$30	\$15	Nil
Student	\$30	\$15	Nil

* The Initiation Fee may be paid in equal installments over 2 years.

**Annual fees are due 1 Mar. each year, but may be paid in 2 equal installments, 1Mar & 15 May.

Boating Fees

Due March 1 of each year.

Large Boats:		
Facilities	Projected Area	Rate/sqft.
Marine Railway Launch & Haul-out, Mooring location, Dock Use, Shore Storage, Electricity, Water	Design OAL (ft.) x Design Beam (ft.)	\$1.50 50% applies to Summer usage, 50% applies to Winter storage.

Small Boats	Fee
Auxiliary Dinghies	No Charge
Sailing Dinghies, Outboard Power boats (to be stored on a trailer after each use)	\$50.00/year

Work Party Fee

Due March 1 of each year, when credit for the previous year's work is applied.

Current Fee: Full Members: \$600.00 per year, cash or credited as follows:

Credit is calculated at 1/20th of the annual fee / hour, to a max. of 20 hours, on approved projects. Extra hours worked cannot be saved. Record time worked in the Work Party Log.

To apply for membership, complete the Application Form, and have it signed by two sponsoring members. Return it, with a cheque to cover the first year's fees for the appropriate Class; initiation, annual, work party and boating fee as above. This will be held or returned to the applicant, depending on acceptance or otherwise, as stated in section 06 of the Club By-Laws. The cheque should be made payable to the North Channel Yacht Club, and mailed to P.O. Box 175, Elliot Lake, Ontario, P5A 2J7; or delivered to a member of the Management Committee.

NOTE: Membership in the Club does not automatically entitle a member to the accommodation of a boat. Boats may be kept at the Club only if they conform to the safety and other guidelines laid down by the Club Constitution, and after approval by the Management Committee, who will allocate a mooring space.

Boat owners must carry a minimum of **\$2,000,000** liability insurance and supply the policy information to the Club Treasurer with this application **and with each annual payment of Dues.**

NCYC Membership Package

Summer Membership:

1. A one-time offer for persons who have never been Members of NCYC before.
2. Applies for the balance of the current season ending 30 Sept.
 - 2.1. An application for Full Membership if desired, must be received before this date.

NCYC Membership Package

Sponsors' Responsibilities

1. The sponsors of a member to the North Channel Yacht Club must be members in good standing.
2. The sponsors should get to know the potential member, and be prepared to recommend the person as a suitable club member
3. The applicant or the sponsors shall obtain the necessary forms from the management committee and discuss these with the individual, making it clear what the club is about and what the expectations of membership involve.
4. The sponsors must see that the forms are completed and a cheque for initiation fee, yearly membership, boating fee and work party fee along with the boat Insurance particulars are attached. The forms are to be presented to the treasurer so that the application can be posted, then discussed at the next management committee meeting.
5. If the application is accepted, the sponsors will be informed. It is the sponsors' responsibility to make them welcome and to help them fit into the club.
6. The sponsors must be present when the new member brings his or her boat to the club for the first time, must introduce them to other members, must introduce them to the dockmaster, and see that they get a gate key.
7. It is the responsibility of the sponsors to ensure the new member is aware of policies of the club regarding the use of the dock, fuelling procedures, pump-out procedures, presence of visitors, gate security practices, parking, clubhouse use, shower building use, work parties, policies of handling of boats, operation of the winch, mooring requirements, cradle requirements, and any other information which will help the new member to fit into the club satisfactorily.
8. The sponsors will be responsible for ensuring that the new member correct any habits which are not in keeping with the club policies, or correct any complaints which have been brought to the management committee, and which the committee feels need to be corrected.

NCYC Membership Package

Members' Responsibilities *The following are some key summaries from NCYC Rules & Regulations adopted in 2008. The adopted Rules & Regulations govern.*

1. Members must follow the requests of the dockmaster regarding any of the rules concerning docking, mooring, fuelling and pump-out. Members questioning the rules should address themselves to the Vice Commodore or a member of the Management Committee, not the Dockmaster.
2. We are a self help club. All members are expected to participate in the work of maintaining the club and must be willing to serve on club committees.
3. Guests must be in the company of members, or the Dockmaster must be informed of their presence or expected arrival.
4. Mooring pennants and Ground Tackle must meet NCYC listed standards.
5. Electrical apparatus, especially heaters and battery chargers, must not be left plugged in when unattended, either in the yard or at the dock overnight
6. Use safe practices on the club premises.
7. Members must leave their boat at their mooring unless they are on board at the dock or have made special arrangements with the Dockmaster for emergencies. Boats are not to be at the dock for extended periods as there is limited dock space. 5 slips are available for rental periods.
8. Members should pump out their own boats but must get instruction from the Dockmaster for the first time.
9. Members may see the Dockmaster for fuel at the times posted. Ice is available on the honour system at any time.
10. Cars must be parked in the proper lot except for unloading or loading
11. Dinghies must not impede access to slips or cause damage to adjacent boats. They are to be moved to shore side shallow docks or stored on shore in areas designated by the fleet captain as soon as their boat is secured
12. Dock boxes must be kept in designated areas and no boxes are to be kept within the yard (fire hazard)
13. Cradles are to be kept in designated locations and the cleanup of the area around each cradle is the responsibility of the owner.
14. Members are to lock the gate after driving through if the gate was locked at the time.
15. Members are to clean up in the clubhouse, in the shower building, or at the barbeques after they use them.
16. Dock carts are to be stored on the dock adjacent to the phone booth platform and are not to be used for excessive loads.
17. Members must make every reasonable effort to do their required hours of work. If work which they can do is not available see a member of the Management Committee.
18. Members must be trained in the use of the winch. No untrained person is permitted to use the winch under any circumstance.
19. Members should point out rule violations to those members who are not complying but any problems must be addressed to the Management Committee.
20. Members must have proper insurance and inform the treasurer of the policy number. They also must make every effort to avoid any accidents by careful seamanship, safe practices, and by removing protruding objects from boats in the yard. The mooring must be under water or removed for the winter.
21. Barbequing is not allowed on boats while they are tied at the dock area.
22. All members must have their dogs on leashes at all times while on Club premises and must clean up after their dog.
23. All children must be under direct supervision while at the Club especially around the water area.
24. No member may pump fuel on Club premises. This is the Dockmaster's responsibility.
25. Respect the privacy of the Dockmaster's home.
