Re: Mooring Location Assignments

Members are reminded of Rule 1.11.15 which deals with Mooring Location Assignments. The full text is set out on the attached Schedule for ease of reference. Note Rule 1.11.15.5 which requires that mooring location change requests be submitted in writing by March 1<sup>st</sup> in each year. This is to allow the Fleet Captain time to consider the requests and make recommendations to the MC if there is any conflict that needs to be resolved. It also allows the FC time to adjust the Mooring Assignment Chart before the Boating Season begins and avoids the FC having to prepare multiple charts throughout the season to accommodate mid-season requests. The Rule also provides a measure of fairness to members in that all requests are considered at the same time. The race is not to the swift or those "in the know" about a pending vacancy.

No written requests were received this year, by March 1<sup>st</sup>, but there are two vacancies that some members have expressed interest in for this season. These are locations:

1. B-1:
  - a. formerly occupied by David Wolff of Das Segelboot
  - b. vacant since last year as he resigned his membership
2. G-2:
  - a. formerly occupied by John Cotgrave of Letitia II
  - b. vacant this year as he moved to Associate Member status

The Management Committee has considered the expressions of interest from some members but has decided that fairness requires that all members be given an opportunity to express interest in writing before any changes are approved.

Accordingly the following process will be adopted:

1. A member who wishes to change mooring location to one of B-1 or G-2 are requested to send an email to the Fleet Captain at [ncycfleetcaptain@gmail.com](mailto:ncycfleetcaptain@gmail.com) by July 5, 2021, requesting the change they seek from their current location.
2. The Fleet Captain will consider the written requests and assign the vacant slips in accordance with seniority as established by membership number, subject to considerations about vessel size [Rule 1.11.15.7]

**Schedule A**  
**Rule 1.11.15 re Mooring Location Assignments**

**1.11.15 Mooring Location Assignments:**

- 1.11.15.1 Mooring locations are assigned to members by the Fleet Captain;
- 1.11.15.2 Mooring locations are assigned to members only for mooring of their own vessel;
- 1.11.15.3 Mooring location assignments are normally maintained from year to year, but may be adjusted by the Fleet Captain as deemed necessary to accommodate the fleet as its composition changes;
- 1.11.15.4 Members are not permitted to exchange mooring location assignments without first obtaining approval from the Fleet Captain;
- 1.11.15.5 Members may request a mooring location assignment change to a vacant location by submitting a request in writing to the Fleet Captain prior to March 1<sup>st</sup> of the boating year;
- 1.11.15.6 Mooring location assignment change requests are discarded each year and do not carry over from year to year so fresh requests need to be filed each year;
- 1.11.15.7 Vacant locations are assigned to requesting members by the Fleet Captain following the Spring Planning Meeting based upon membership seniority as established by membership number, but vessel size may require that a desired location not be assigned to a member;
- 1.11.15.8 A Mooring Location becomes vacant when the member to whom the location is assigned:
  - 1.11.15.8.1 is assigned another location;
  - 1.11.15.8.2 ceases to be a member;
  - 1.11.15.8.3 no longer owns a vessel;
  - 1.11.15.8.4 ceases to be a member in good standing and the member's mooring location is directed to be vacated;
  - 1.11.15.8.5 is on an extended cruise without paying full membership and boating fees in each year;
  - 1.11.15.8.6 is on a cruise intended to extend, or actually extending, beyond the end of the third boating season or part thereof following departure upon the cruise.
- 1.11.15.9 Members who are on extended cruises or are otherwise not intending to use their mooring assignment in any year, may be required to remove their mooring so that the location can be temporarily assigned to another member;
- 1.11.15.10 When a mooring location becomes vacant, the mooring gear at that location is removed by the owner or sold to the member assigned to that mooring location;
- 1.11.15.11 Mooring gear not removed from a vacant location is deemed to be abandoned by the member and becomes the property of the Club.
