

Fleet Captain Report May 1, 2021

Most of the projects that the Fleet Captain is responsible for are from the previous years.

Due to Covid -19 the Dock refurbishing project did not get done last year. Hopefully it will be completed this year.

As for extending the rails to 60', it was not a priority project.

The service dock was in need of maintenance last year. This is a on going project.

The members that began that maintenance, have offered to continue that maintenance. (Changing or adding more chain, Replacing of the U channels, Replacing rotten wooden frame ends, Ect

The following lists were updated

Updated the mooring chart and will post in the phone booth.

Updated the mooring inspection list and will post in the phone booth.

Updated the membership numbers sheet. This shows how many members the club has had annually from 1995 - 2020.
