

NORTH CHANNEL YACHT CLUB
P.O. Box 175
ELLIOT LAKE, ONTARIO
P5A 2J7

To. General membership
From Commodore
Date: 10-5-2023

To the membership.

Please be advised that the SPM Agenda will not include the termination of membership issue that was named in the Notice of Meeting issued earlier. That situation has now been resolved as the member has now resigned his membership and his boat is in the process of being removed from the Club. He will not be attending the meeting on Saturday.

That said, members need to know that there was a perceived threat of violence from him directed at some members of the MC. The OPP were contacted, but that too appears to have been resolved as he has apologized in writing and states that he never intended his words to be a threat.

I know that some members have been reluctant to attend the SPM on Saturday or the Work Party on Sunday because of this situation and still may be. Each member needs to decide that for themselves, but from the MC's perspective, the situation has now been amicably resolved.

I look forward to seeing you all this weekend.

Paul Patterson
