Subject: Spring 2022 BUILDINGS Report
Date: Thursday, May 12, 2022 9:15:32 AM

After a 2-yr pandemic close up, we are now back to using our beautiful property.

Thank you to hard-working members for the following:

- the Clubhouse has been commissioned - kitchen, washrooms;
- pest control Orkin has been coming since April, and will attend on first Monday of the month, May through October;
- a refrigerator will be removed and replaced with a used, donated refrigerator;
- floor trim installed in w/c.
- the Shower Building/Shop has been commissioned; doors and casings painted;
- the Shop has been reorganized and an OB engine rack installed.
- the White House, at the first Work Party will be cleared of personal items so that cleaning can begin.
- Service Dock kiosk -the Cupe freezer has been removed; there is a donated freezer to clean and move in;

Buildings projects to be considered:

- Clubhouse water to women's toilet, hot water to men's washroom
- Shower Bldg. hot water to the back men's shower
- Clubhouse walls and ceilings repair
- Container shed - prep and paint
- Tractor shed - shore up
- White House- shingle roof
- purchase a Sea Can to replace tractor shed (info gathering at present)
- Winch shed - drain trench to prevent ice build-up
- update plumbing in showers & clubhouse

We welcome a weekly cleaning person who will begin mid-May; her name is Lee.
